Instapak® Simple™

Foam-in-Bag Packaging System

The Simple Way
to Eliminate
Damage,
Waste and
Downtime

Introducing the Instapak® Simple™ foam-in-bag packaging system. True to its name, Instapak® Simple™ is our easiest to use foam-in-bag platform yet. Merging the premium performance of Instapak® foam packaging with an on-demand delivery system that requires minimal training and service.

SIMPLY SUPERIOR FEATURES

What sets the Instapak® Simple™ system apart from other foam packaging systems?

- Powered through a standard electrical outlet
- Pre-set push button operation
- Small 9.5 litre containers, easily positioned into place
- Low maintenance
- Plug and play
- Compact, mobile platform
- Minimum training required

BENEFITS OF INSTAPAK®

- **Versatility** – suitable for packing a vast range of products
- **Just-in-time** – foam is expanded on site ensuring the right amount of material is used every time
- **Product protection** – superior cushioning abilities that provide maximum protection with the minimum amount of material
- **Space saving** - saving valuable warehouse space

MINIMUM TRAINING AND MAINTENANCE

The Instapak® Simple™ foam-in-bag system is lightweight, easy to install and requires minimal maintenance, making it ideal for operations producing less than 20 packs a day. The Instapak Simple system delivers foam filled bags on demand without the need for manual mixing or individual bag loading. The Instapak® Simple™ can easily be moved to any packaging locations.

MINIMAL INVESTMENT

Foam components are delivered in easy to handle containers, reducing the need to buy and store bulky packaging materials.

SOURCE REDUCTION

Just-in-time foam-in-bag eliminates excess packaging.
